orrect Moves Dependent On One's Interests

Six hundred students played the game of School Life '87. The players demonstrated different levels of skill, endurance, and enthusiasm, but hopefully all learned from their experience.

Some players concentrated their efforts in the classroom. Some made their main moves in the arts, and still others in the gym and playing fields. Most

players followed the rules of the game; a few constantly tried to bend them.

The Hi Lites' staff invites you to join with us in reliving the moves the M.C. players made as they moved through 1987.

Making the most of her time, Sherry Deckman shows that good grades have to be earned.

One of the many moves made by the administration was to assign lockers alphabetically. The Hoyts (Erin, Hillary, Lydia) found themselves with lockers side-by-side, as did many other siblings.

"Hoosier" fever gripped many Indiana residents. Brandon Cass demonstrates one of the more extreme cases of support.

Although many pranks were pulled on Mrs. Paula Washler by the seniors, this Christmas was a sincere gift to their favorite teacher.

Lisa Driskill, Dawn Cox, and Jennifer Watt made the "big move" towards marriage this year. They each are also expecting a child soon.

Spring Musical Returns To Monroe Central

For the first time in several years, the music department put on a musical. Barnum was a great success for Mrs. Flannery and the cast. Mrs. Flannery made use of the talents of underclassmen by allowing seventh and eighth graders to perform this year.

Brent Gardiner had the lead as P.T. Barnum. He was supported

by Todd Akers, Beth Riddlebarger, Kelly Christy, Mary Butler, Karicia Gardiner, and many other talented students.

The talents of the advanced art students were made use of also. Many of the props, including the much talked of elephant, were made by Mrs. Dorton's art students.

Masque & Gavel Presents Pillow Talk

Unbelievable looks and non-stop laughter were followed by every line, when Masque and Gavel Club presented the exciting play "Pillow Talk."

Todd Akers and Jennifer Gillespie were the stars of "Pillow Talk" while Jim Randall and Kelly Christy co-starred. These four lead performers played a big part in the success of the production. When Brent Anderson and Jim Randall were on stage together, they added much to

the play's plot.

During rehearsals, the sound and light crew had some problems. One major complication was with the back stage microphones. The actors also had problems. Many lines were forgotten and, in one case, the lines were said twice.

However, on opening day, the cast and crew managed to pull it together and give four unforgettable performances.

Homecoming brings many smiles.

Homecoming week was a success. Besides "Crazy Day," there was Brown and Gold Day and Twin Day.

Twin Day brought many famous twins. Many seniors decided to wear togas. Freshman also got into the spirit as Mandy Akers, Lori Moore, and LeeAnn Townsend dressed as the Chipmunks. The teachers proved they shouldn't be taken so seriously. Mrs. Lee, Miss Brunette, Mr. Key, and Mr. Washler delighted everyone by dressing as mad scientists.

On Crazy Day most of the students and faculty "let their hair

down." Kelly Edwards, Beth Riddlebarger, and Dorinda Armstrong appeared as KISS. Mrs. Hunt came as liquid paper. Even first year teacher Mrs. Dorton got into the spirit by coming as a beach bum.

In the lip synch contest the senior boys stole the show by dressing as the "Blues Brothers."

During halftime of the basketball game, Kelly Edwards and Joel VanPelt were crowned Queen and King. The only dampener was the loss of the game to Daleville.

Mrs. Linda Welch and Mrs. Rita Hunt showed that teachers do indeed have school spirit.

Todd Akers, Kirk Wooters, and Miles Townsend participated in the exhibition of the Blues Brothers song, "Soul Man."

By vote of the entire student body, Kelly Edwards and Joel VanPelt were named homecoming queen and king.

Behind The Smiles Of Mardi Gras

More than a pretty face is necessary to successfully compete in the Mardi Gras. Practices for the ten Randolph County participants were held each week from May until the end of September. The girls learned modeling techniques, aerobic dances, and make-up tricks.

The time and hard work paid off for Monroe Central's two entrants. Kelly Edwards was first

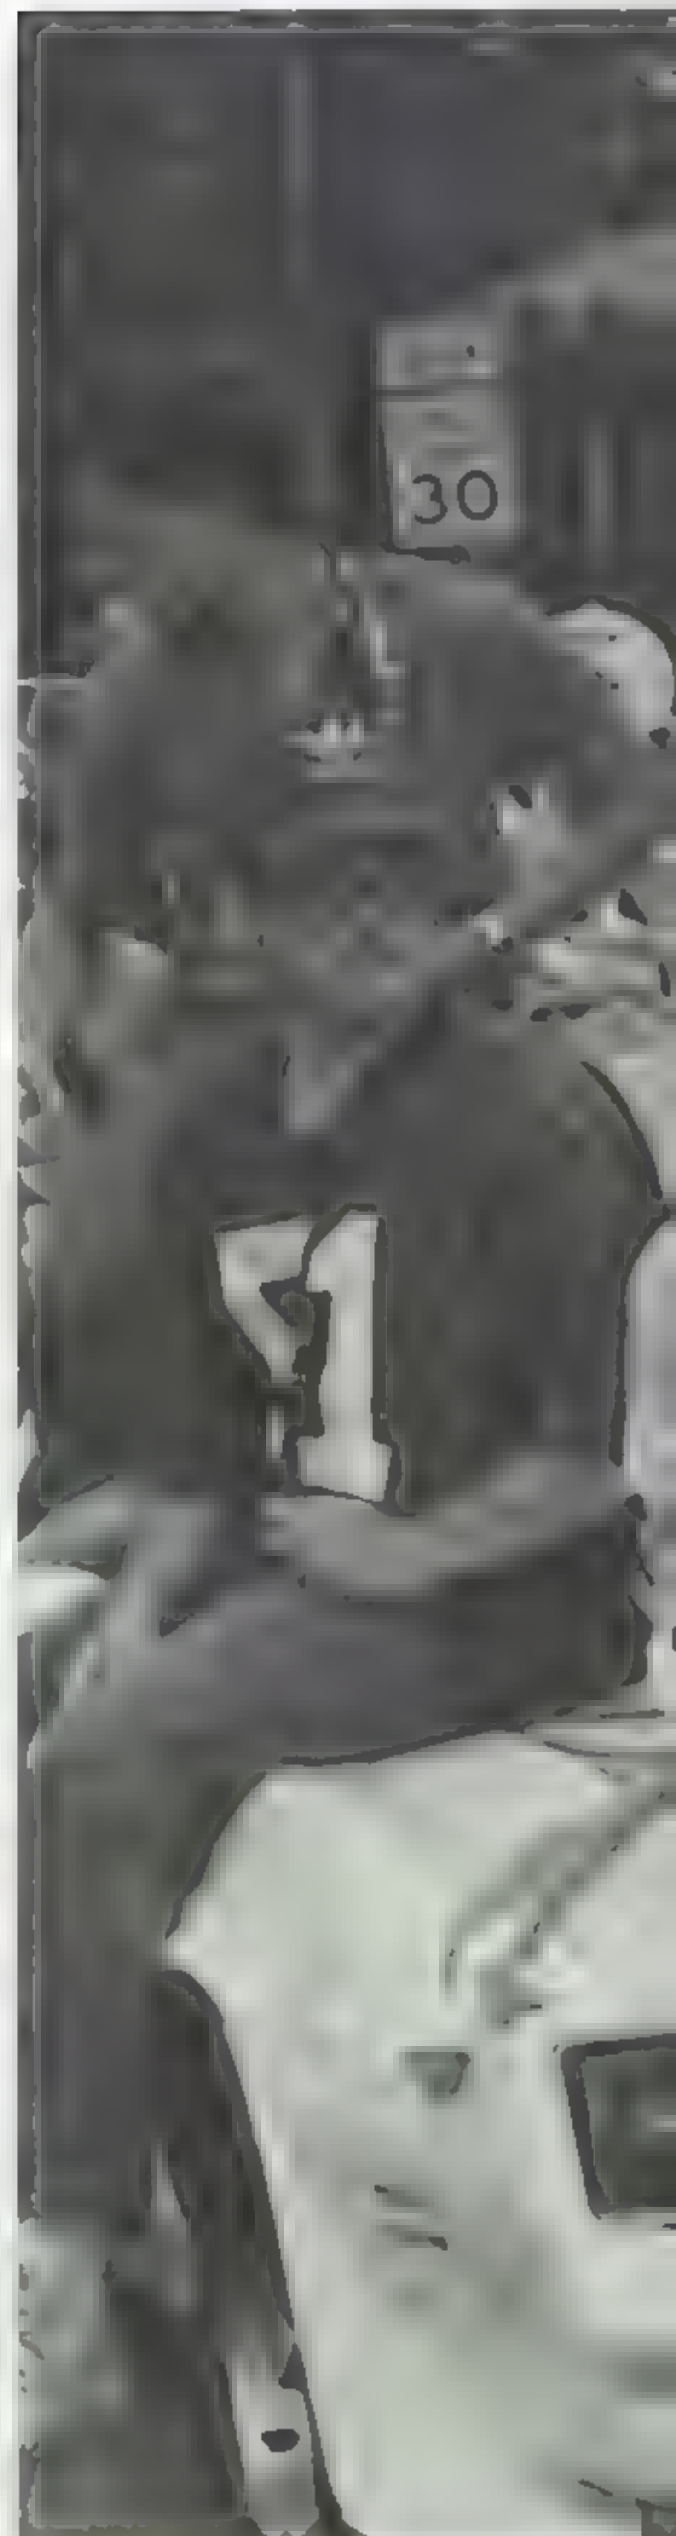

runner-up over-all and also placed second in the talent portion with her version of "Oh, Mickey.

The school's other representative also did well. Beth Riddlebarger finished as third runner up. More importantly, Beth was awarded the Miss Personality trophy, which is determined by the ten contestants themselves, not by the judges.

Juniors Present "A Dream Goes On Forever"

Although many people had their doubts, the 1987 prom turned out to be very nice. The Juniors decided to use "A Dream Goes On Forever" as the theme, and they used blue and silver decorations, which were the senior class colors. The band Runaway performed and most people enjoyed the music.

One major difference in this year's prom was the grand march. The visitors were asked to sit in the stands while the students paraded around the gym-

nasium for pictures. At this time the prince, princess, king, and queen were crowned. Mrs. Paula Washler did the crowning. Jeff Cockerill and Sherry Deckman were the prince and princess and Tommy Oliver and Kelly Edwards were the king and queen.

The after-prom was held at Tower Lanes in Muncie. It appeared that most of the prom goers went bowling and that they enjoyed themselves. Everything considered, the 1987 prom turned out very nice.

Senior Week A Success

Unlike last year, the senior class was let out earlier than the rest of the school. Final exams were held on Monday and Tuesday. The senior breakfast was held on Tuesday morning with over eighty seniors attending. On Wednesday morning the seniors had to report back for senior awards day. Afterwards, the banquet was held at Yesteryear's Inn in Redkey. After everyone had eaten, Shane Cox presented the senior awards. Among the more

memorable awards were Brad Swallow and Shelley Starr as most outgoing. Best personalities were Tom Oliver and Kelly Edwards. Amber Woodring and Jeff Crone were most mischievous.

After the banquet, many seniors decided to see the movie *Beverly Hills Cop, part II*. The annual sports banquet was held on Wednesday evening. Thursday morning was commencement practice. Friday evening was the actual graduation.

Brad Swallow lights up the traditional cigar with enjoyment at the senior banquet

The entire senior class stood when Greg Holmes was awarded the Mark Mitchell Memorial Award. The award was in honor of a senior who died in the summer of 1985. Mr. McEldowney presented the award with pride in honor of Mark.

One of the many duties of the senior class president is to pass on the traditional hoe. Shane Cox performed the job with much pride.

When the votes were counted it was no surprise to the seniors that Mr. Preston Proctor, Mrs. Paula "P.W." Washler, and Mr. Terry Swindell had won teacher of the year awards.

May 22! Big Day Finally Arrives

Graduation! the day that 100 Seniors had waited for had finally arrived. The evening began with the band playing the traditional processional, followed by the invocation given by class treasurer Shelly Starr. Class president Shane Cox officially welcomed the guests and the Debutantes choir sang "Go With a Song in Your Heart." Another song, "Friends," was performed

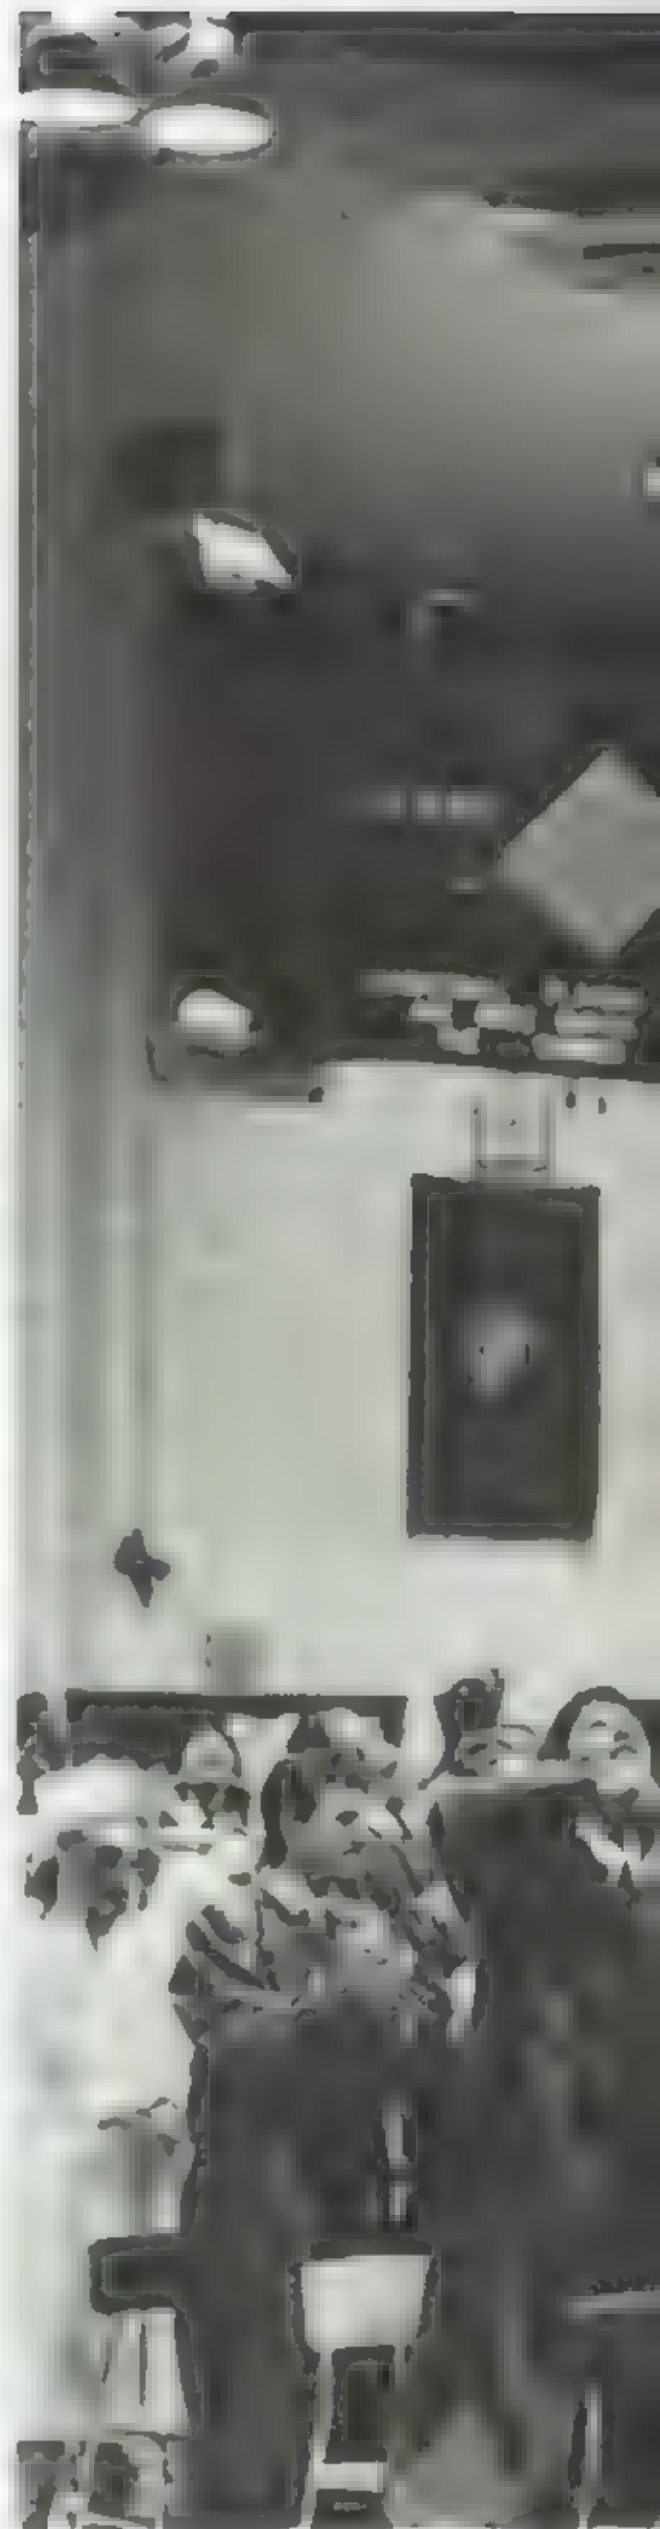

by the Satin Sounds.

Judi Calhoun delivered the salutatorian speech. Principal Don Elder then presented the class and along with Superintendent Merle Bryan awarded the diplomas. Before the benediction given by Dorinda Armstrong, class secretary, the happy seniors celebrated by tossing their hats into the air.

Like other areas, academics were On the Move. Spanish replaced Latin as the second foreign language offered by MC.

One of the biggest changes saw junior high girls enter the once segregated "Shop" classes. Seventh grade girls were required to take Industrial arts while the boys learned domestic skills in home economics.

What Have You Enjoyed About Working In The Library?

"Working with the different people that come in here and having freedom."

— Tammy Kuhn

As Tammy Kuhn assists in the library, she checks out the library equipment before use

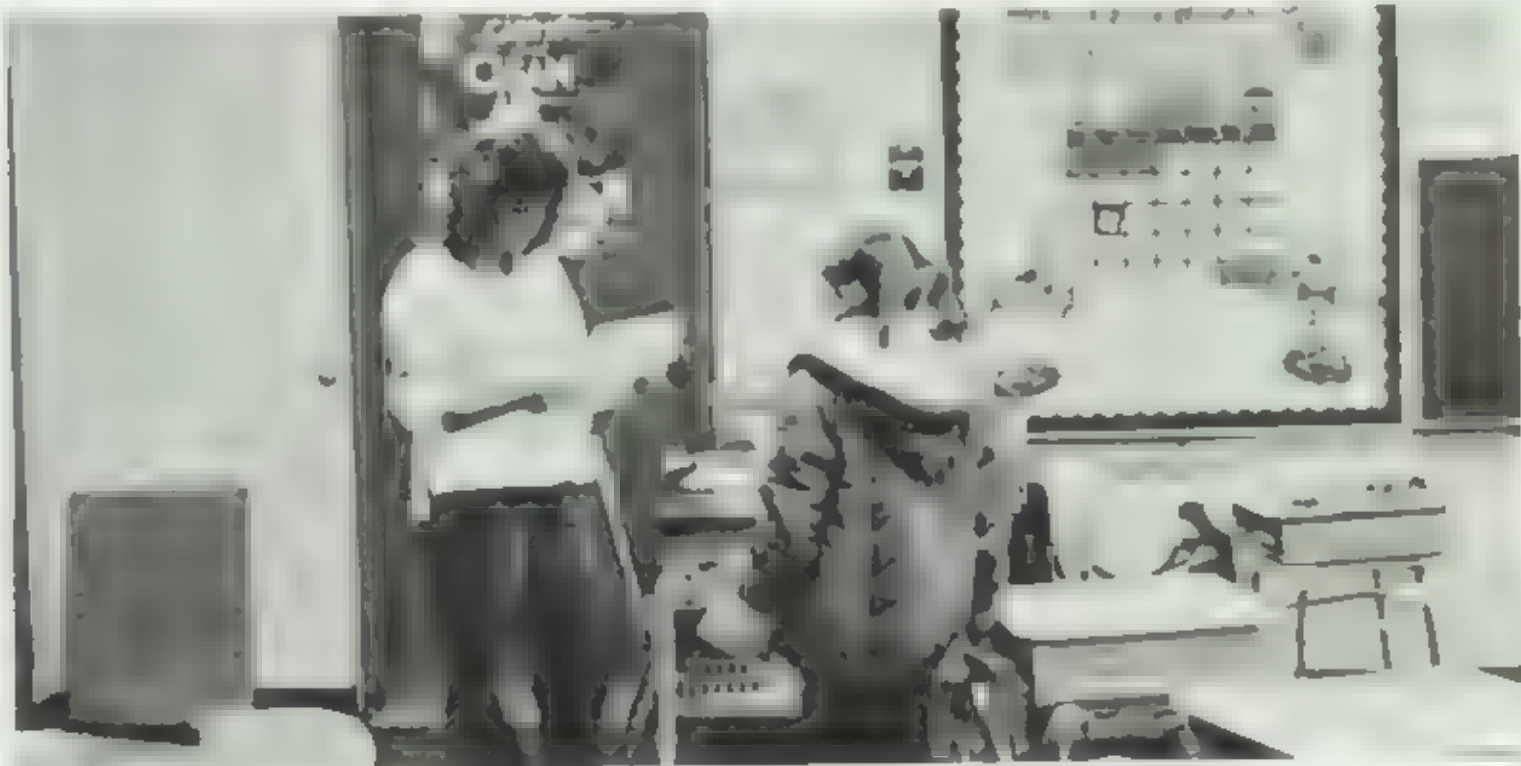

The most important part in learning is the ability of doing. Students who are in Future Teachers of America and who assist in the library get the experience of doing while learning. As these students help others, they learn more about themselves and others.

The students who work in the library do more than one job. These people check out books, deliver equipment, shelve books, and help out wherever they are needed.

The Future Teachers of America program helps the seniors realize what

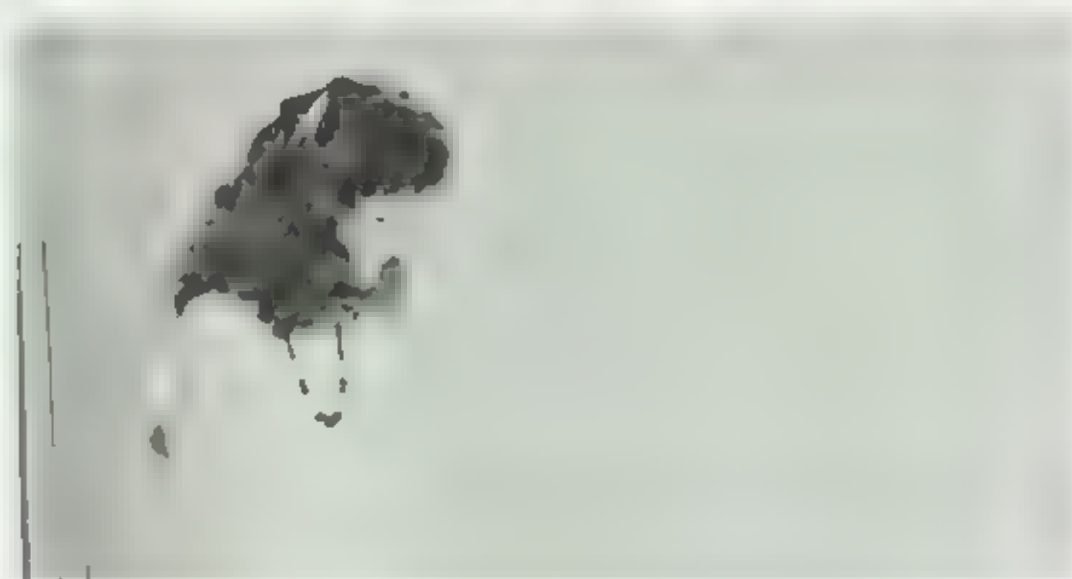

teachers go through. The students are allowed to actually teach and help the younger generation. This program helps the senior students to understand the younger ones.

The Marching Bears perform at the Indiana State Fair

Band In Sweet Sixteen

"The whole band was surprised by our finish in the state fair since we hadn't competed in it for 15 years." —

Steed Toney

The Monroe Central Marching Bears had the most successful season in 16 years. To start the band contest season, the band traveled to Jay County. When arriving the first bus did not notice that they had lost the second bus. Half of the band was there, not in uniform, but there! Changing the lineup once again, M.C. was back on the list as the fourth band to perform. Without warm-up, the band didn't expect to do as well as they should.

When it came time for

the awards and trophies M.C.'s name was not at the bottom of the list, but rather in second place. This was the beginning of a successful year, for the young marching band. Many awards followed the Jay County triumph.

Next the band received second place for best small band at the Indiana State Fair. The band went on to the Sweet Sixteen that night, receiving sixteenth out of forty bands.

The concert band received a superior rating at Muncie Central in the

ISSMA (Indiana State School of Music Association) contest. Also, the flag corps placed second in the guard competition at Centerville.

The next project for the Bears was to match funds of the school corporation to purchase new marching band uniforms for the upcoming season. The bands and flag corps held candy sales, car washes, pizza sales, and a calender sale. The new uniforms will be in for the '87-88 marching track show competitions.

Satin Sounds Journey To Florida

"The Satin Sounds were real close. We were like family." —

The biggest event in the vocal music department's year was the Satin Sounds' trip to Orlando, Florida. The group flew via Eastern Airlines from Indianapolis to Orlando on Thursday and returned on Sunday.

While in Florida the Satin Sounds participated in the All American

Music Festival and won a second place trophy. Jenny Gillespie competed individually and was honored as the outstanding soloist.

Funds for the trip came from a variety of sources. The musicians sold ornaments, hosted dances and chili suppers, and gave performances. Ad-

ditional money was provided by local merchants.

One of the most exciting moments of the trip came in the airport. The group, especially the girls, were delighted to meet Steve Alford and Daryl Thomas, members of IU's NCAA Championship team.

"I didn't miss the country or speaking English. I just missed my family."

MC has gone through many changes. One change this year was dropping Latin due to Mrs. Salyer's retirement. Mrs. Barbara Hart was hired to teach Spanish for the first time at M.C. Mrs. Hart was pleased that so many students were interested in Spanish and hoped that there

will be more interest in the following years.

Another change was that advanced French was offered in 1985. There were several students in this class. Justin Shelton was the first person to take four years of French. He also took Spanish his senior year. Justin had the opportuni-

ty last summer to try his French. He stayed with two different families in France and with one in Belgium, so he got to see how people go about their day-to-day business in these countries. This was a unique opportunity that few high school seniors get to experience.

Although Brad Kelly enjoyed being a district officer in the Future Farmers of America, he still found it difficult to fulfill the duties. These difficulties were most severe in March when there were seven contests he had to attend. Brad sometimes found it difficult to travel to such locations as Rushville after a full day of school.

However, the pluses far outweighed the minuses. Brad thought the biggest advantage was meeting and learning from new people. The meetings for the district were held at various locations, such as Connersville or Union County. When attending these meetings, Brad met members from the local chapter.

Another advantage was learning how to speak before a large group and to feel more at ease when meeting new people.

Beginning in September, The Future Farmers had a busy year. The group helped with the Conversation Field Day at Wheeler's Lake. The judging teams also competed in several contests and the crop judging team advanced to state competition to be held in June.

Also, the popular FFA barbeque was sponsored

once again. Other fund raising service projects included the Christmas fruit and spring seed sales.

One of the highlights of the year was the trip to the national convention in Kansas City. Brad Kelly, Mark Howell, Scott Swingley, and Trevor Powers accompanied club sponsor, Mr. Carlton Clevenger.

Individual honors went to several club members. The Green Hand Award, presented to the outstanding freshman, was won by Tim Miller. Sophomore Brad Sloniker won the Star Chapter Award. Club president Brad Kelley won the Chapter Star Farmer Award.

Using the computer makes working on the newspaper an easier job for James Brown.

The *Bear Facts* and *Hi Lites* staffs are two groups that know the meaning of the words "hard work". Much more is involved than simply selling the issues to the students.

The yearbook staff must first decide on a

theme, design the cover, set up interviews for feature articles, and take pictures. Then layouts must be designed and copy written.

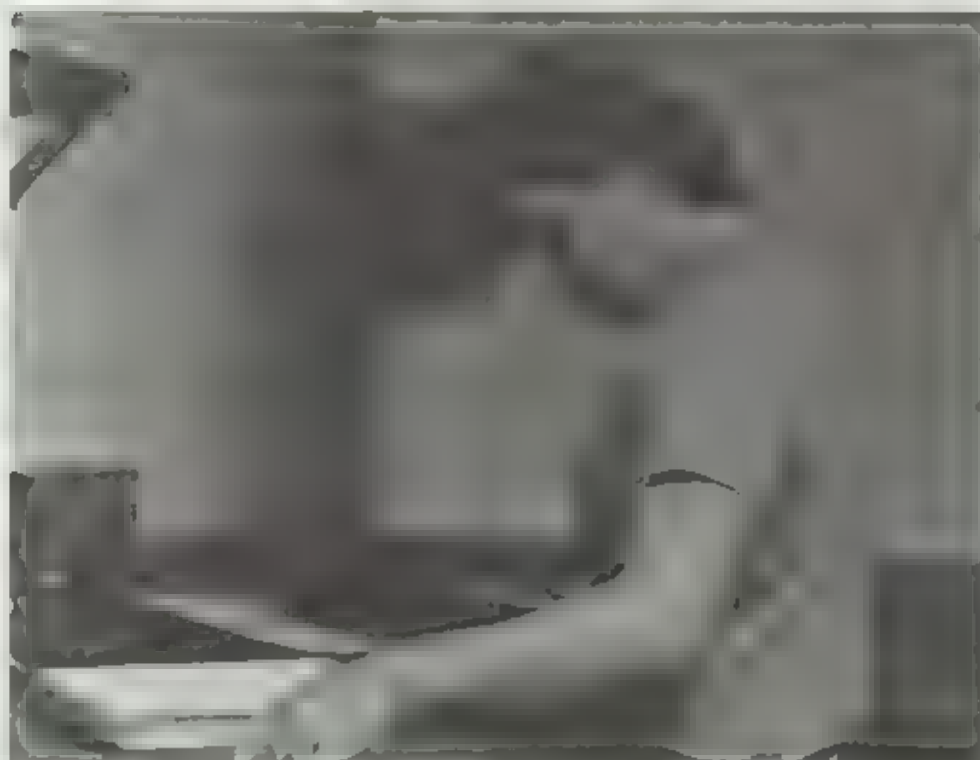

To do a good job requires team work and help from the sponsors. Mrs. Sue Hamilton and

Mr. Steve Burton each put in much extra time.

However, after all the days that it seemed the two groups would never make the deadlines, the whole school gets to share in the accomplishments.

BIGGEST BILL

Putting the finishing touches on an outstanding home economics showcase are Karen Addington and Jeffier Lee Homan Watt.

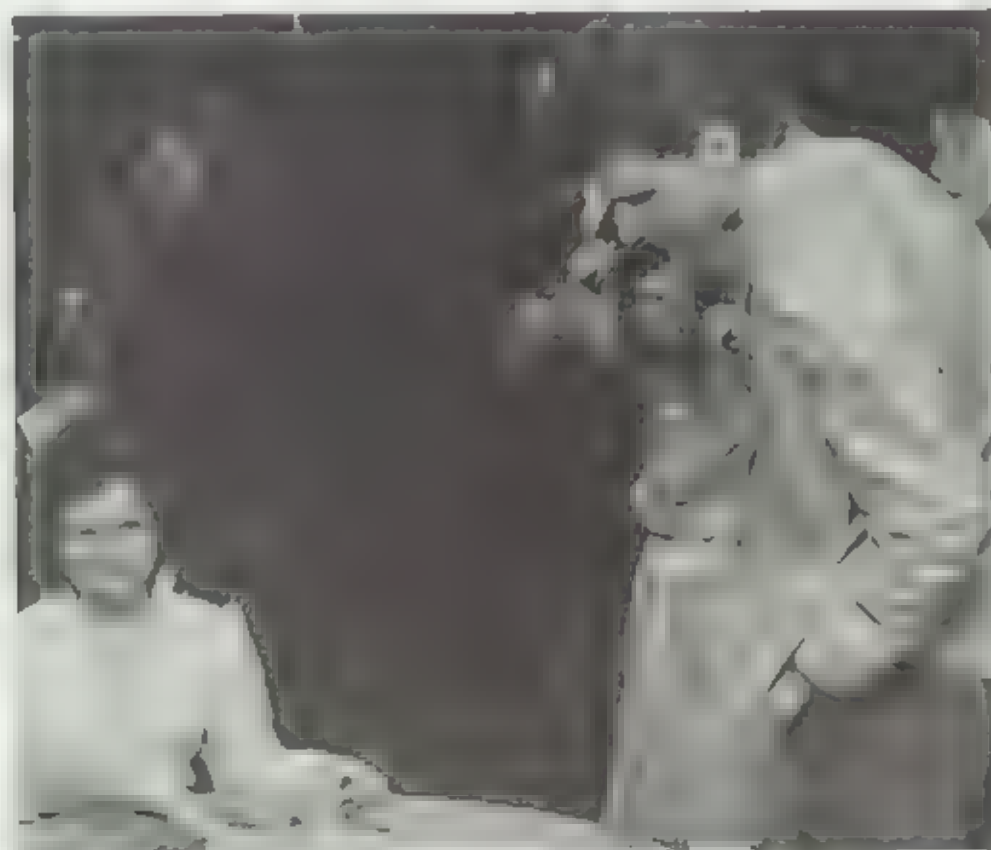

There has been a lot of changes in the school's curriculum; these past few years and that has caused many changes in our Home Economics courses. It has brought about a few new courses for students to take and it has also given boys an opportunity to venture into classes they normally wouldn't.

With boys being added to seventh and eighth grade classes, it has brought about a nine week course for both instead of the old semester courses. It has forced Mrs. Moulton to shorten her approach to her classes. In that way it has done damage, but in a bigger way it has helped. It will show these young

men that roles are changing and it will help them feel more free to take the classes they want to learn about. It may have shortened the preview that student receive in every area of home economics when they are younger, but maybe it will strengthen their need to learn about life.

Whether it was a half-Nelson or a fabulous one-on-one basketball move, the Bears had the one right move — Spirit. While Monroe Central has certainly had seasons where the cumulative won-lost records were better, the students on the various teams represented the school well.

Making the Moves

Bear Fans Are Loyal And Loud

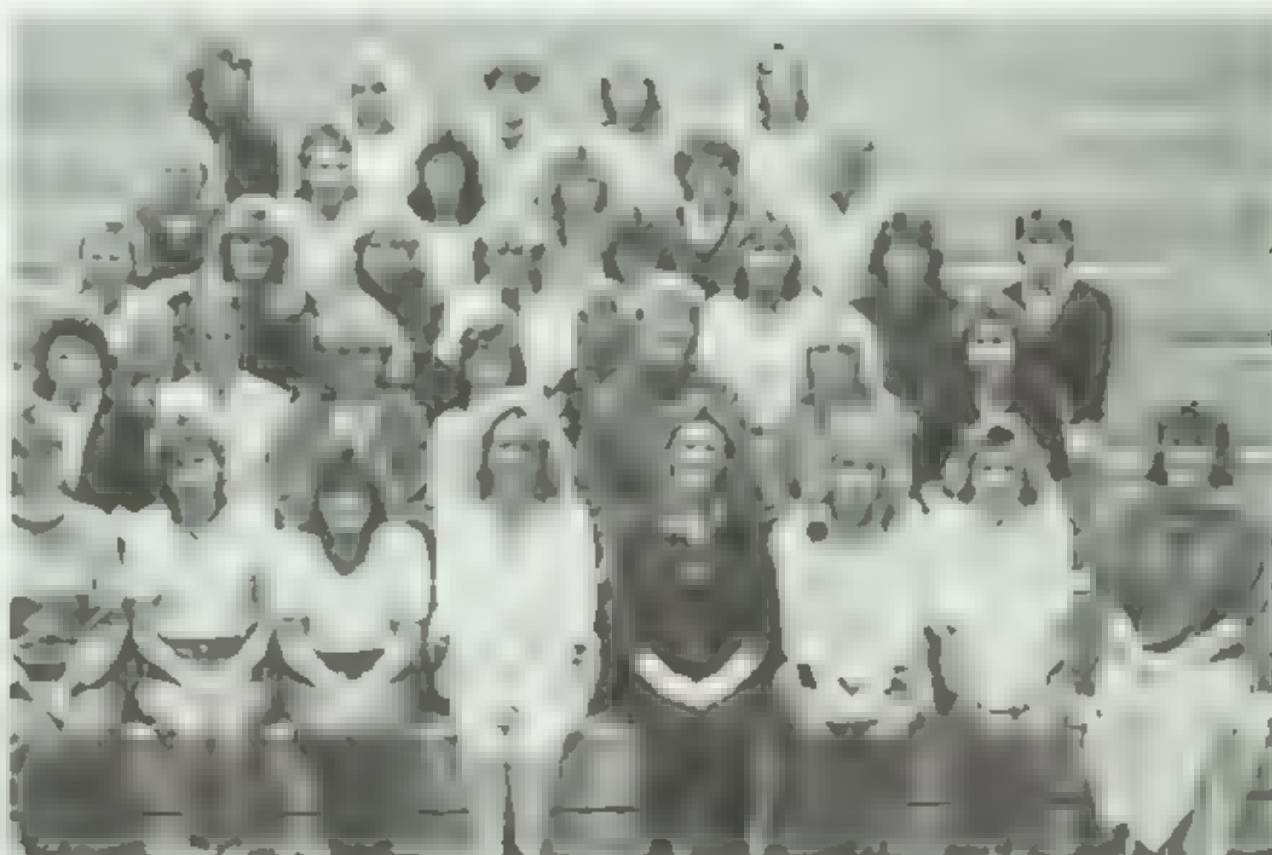

What does it take to be a Bear fan? There is no set age or shape. Nor is there a definite sport. Some fans are drawn to basketball, some to wrestling, while others love baseball.

The main ingredient seems to be a love of brown and gold and a stirring of the blood whenever the familiar Bear mascot is seen.

Some seniors seem to strongly disagree with the ref's call during sectional action

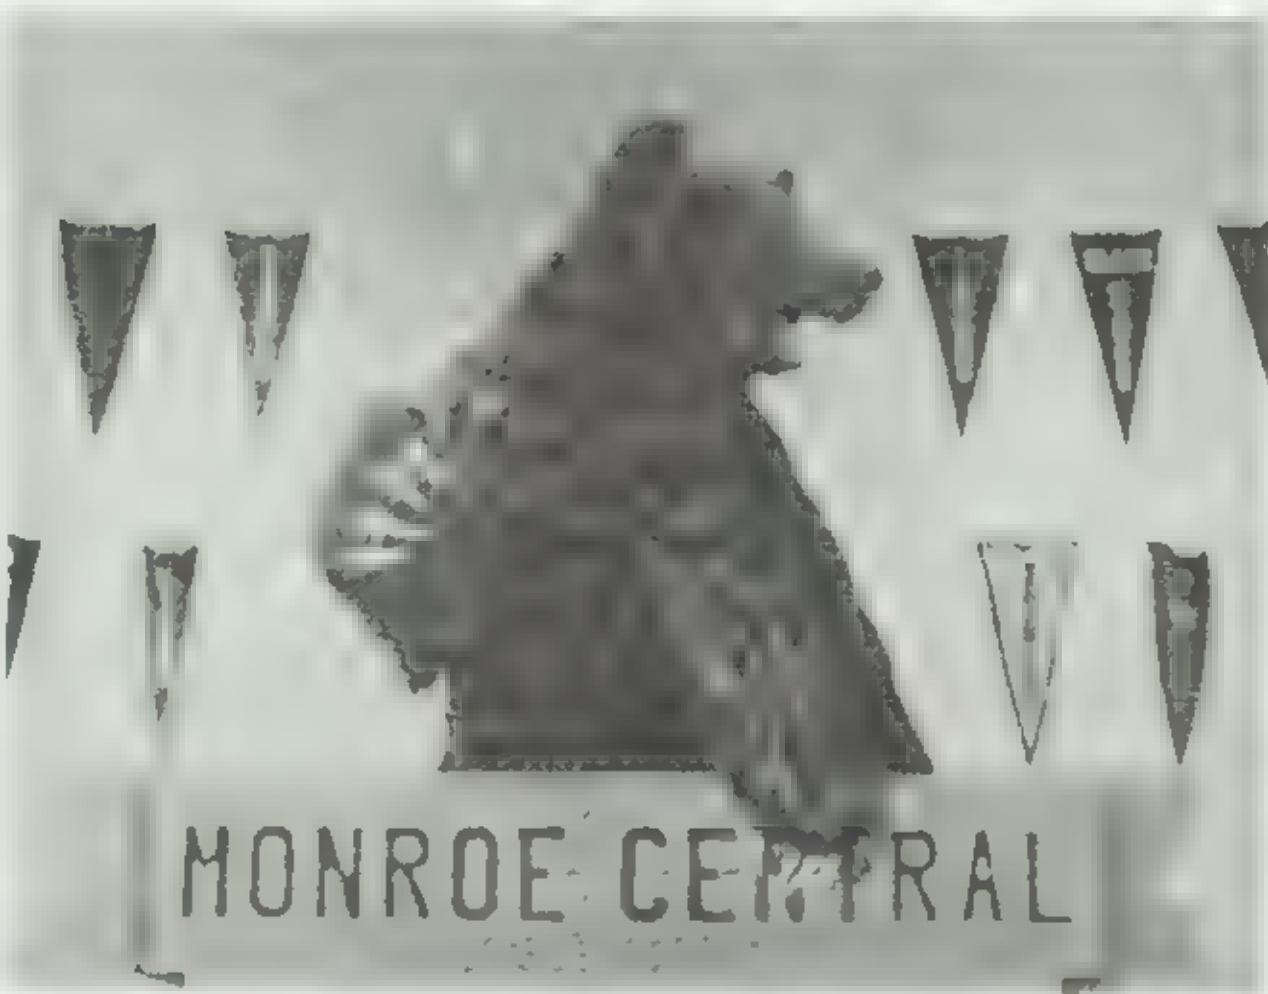

Bear supporters start at an early age.

Determination — The Key To Success

Post Best Sectional Finish In 5 Years

Boasting the best team finish at the sectional in five years, the varsity cross country team still finished with a disappointing record of five wins and six losses.

With strong performances coming from Junior Jeff Cross, who was voted the most valuable runner, and the rest of the team dominated by seniors, the Bears stayed competitive throughout the year. However, the Bears still couldn't get the extra win to move their record up to a winning 6 and 5.

"Determination is the key to success," stated Mike Dujmovich. Even though on the surface the team may not have seemed successful, this was still a year for many firsts. In addition to the improved sectional performance, there was also one of the largest turnouts for the cross country team Monroe Central has ever had. But the biggest change came with the addition of the first girls' cross country team which finished with a proud one and one season record.

A Lack Of Spirit For The Ladies? No Way!

"Bump — set — spike!" "I got it!" "Set it up!"

These were just a few of the commonly heard phrases at varsity volleyball meets.

A lack of spirit certainly wasn't the reason for the losing season. The girls were always emotionally ready and shouted out encouraging phrases to one another during the game.

Struggling through a tough season, the Lady Bears couldn't rack up the much needed wins and finished with a disappointing season of six wins and fifteen losses. But even with a losing season, the girls improved with every game. In fact, five of the six wins came in the second half of the season. And two of those wins put the Bears into the championship games of both the county tourney and sectional. However, they finished second in both tournament.

The reserve team had better results than their varsity counterparts. The team finished with a winning record of nine wins and eight losses.

The reserve team also competed at the reserve tourney. After beating Union City to advance to the championship, Union stopped the Bears.

New Coach; But Same Old Results

Bears Manage Only 5 Wins But Play Well In County

Even with a new coach and a team strongly dominated by seniors, the varsity basketball team still had a long, rough season.

The Bears finished the season with a record of five wins and seventeen losses and a conference record of three wins and six losses. But even with this dim record, there was still a couple of bright spots. One of these came by advancing to the final game of the county tourney and then losing the championship to Union City by only one point. However, the highlight of the season was upsetting Blue River for the Bears' first sectional victory at New Castle. In the Blue River game, five out of the six seniors scored in double figures.

Several Bears were named to all-star teams. All-county team members were Troy Landers, Kenny Odle, and Shane Cox. Named to the all-conference team were Troy Landers and Todd Moore while Shane Cox received honorable mention. Troy Landers, who led the team in both rebounding and scoring, was the only Bear to make the all-sectional team.

Freshmen Boys Claim County Title

Jeff Dragoo sets two Freshmen Rebounding Marks

Following in the footsteps of their varsity counterparts, the reserve team also had a disappointing season with a losing record of four wins and sixteen losses. Part of the problem could be attributed to a definite lack of experience. Four players were only freshmen.

One bright spot in MC basketball came in the form of the freshmen team which finished the season with a winning record of nine wins and six losses. The highlight of the freshmen season was winning the Randolph County Championship, the first MC team to do so since 1981.

Jeff Dragoo's rebounding skills contributed much to the team's success. Jeff's 7.8 rebounds per game and 77 defensive rebounds were both new school records.

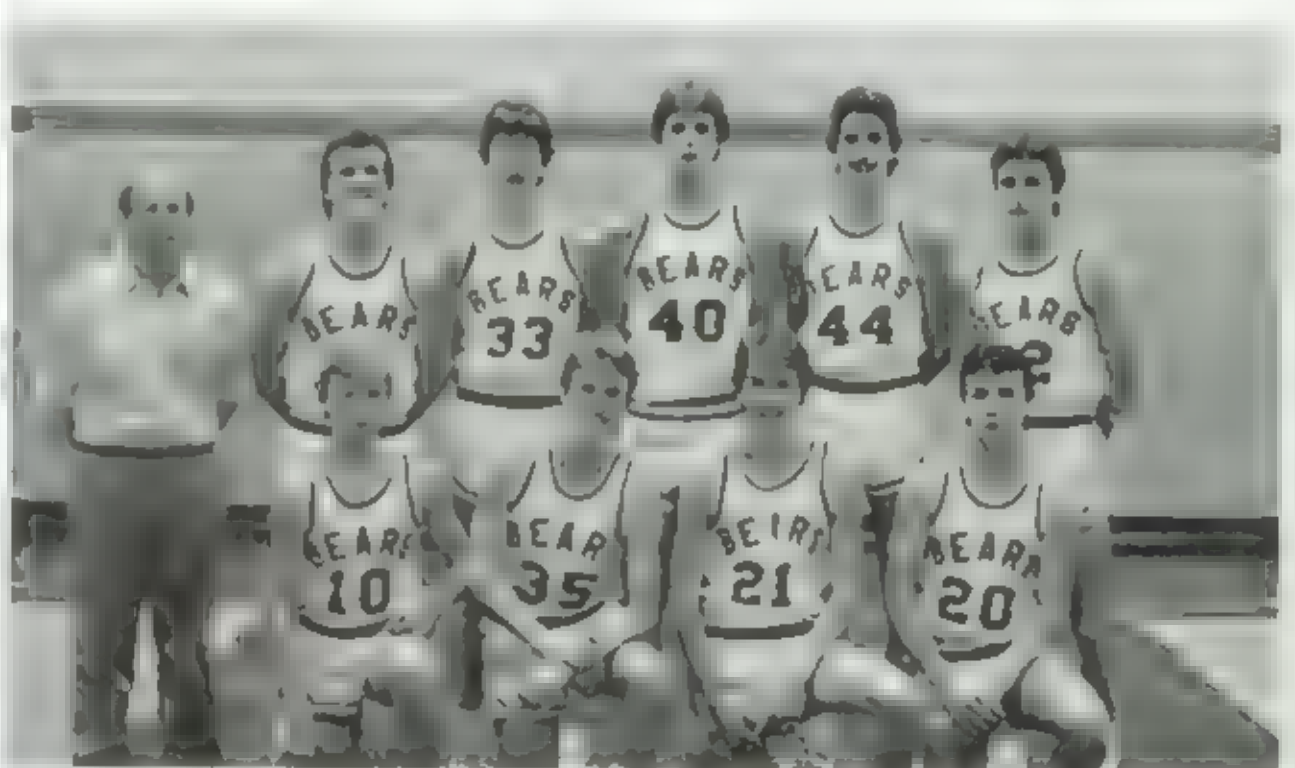

As a team the freshmen also established new standards. Their 42.5 points per game was a new offensive record. In addition, the team committed less turnovers and grabbed more rebounds per game than any ninth grade team in school history.

Lady Bears Finish A Strong Second In Conference.

Is it possible for a girls' varsity team to generate more excitement and a better record than its male counterpart?

Yes, it's definitely possible and with a change in the coaching of the team that's just what happened, Mr. Louis Mullin took over the task of leading the Lady Bears, and teach them he did. The girls broke even with a record of nine wins and nine losses.

In scoring the Lady bears were paced by Hilary Hoyt who averaged 9.3 points per game. Kris Varner had the best shooting percentage from the floor and the line. Rebounding honors went to Dorinda Armstrong who grabbed 6.4 boards per game.

Dorinda also received individual honors by being named to both the All-Conference and All-County teams. Kris Varner won All-County honors while Hilary Hoyt was named to the All-Conference team.

The girls' reserve team turned in a spectacular season with a record of twelve wins and one loss. The leading scorer on the reserve team was Lydia Hoyt with 8.7 points per game.

Another Winning Record

The coaching ability of Mr. Les McEldowney proved effective again as the grapplers ended with a winning season. The varsity finished 9-3 and the junior varsity posted a 6-0-2 record.

Individually, Calvin Combs had a great season. His 24-1 season mark was a new record in the 177 pound class, and in all weight classes. Calvin, was also county, conference, Jay County Invitational, and Sectional champion.

Mark Hodson was the only two-time semi-state qualifier in school history, and his 71 career wins were also a new school record. Mark was also a 3 time county champion and a conference, sectional, and regional champion. Another notable senior was Miles Townsend who had a 43-36 career record and was 3 time county and 2 time conference runner-up. Jimmy Trautman compiled a 33-28 career record and finished second in the county and conference. Senior Brad "Ogre" Swallow had a 12-8 season and was runner-up in both the county and conference.

Teams Struggle To Reach .500

As of this writing the Varsity Baseball team was struggling through the season. The team had a somewhat dim 6-9 record and suffered from inconsistency.

Likewise, the reserves were working to attain a winning record. They had a 4-5 mark. Jeff Drago led the team with a .321 batting average while Derek Deckman was the RBI leader.

Both Varsity Track Teams Do Well

Girls Set 4 New Records, Boys 2 During Season

Both the boys' and girls' varsity teams had successful seasons. The boys varsity finished at 5-5 in dual meets and earned a surprisingly strong third place in the conference.

Individually, two new school records were established. Jim Randall's 40.9 performance in the 300 meter intermediate hurdles was a new standard, as was Todd Moore's 6'3" high jump.

The girls' varsity had an even more outstanding season. Their record was an excellent 9-1 with a second place finish in the county and a fourth in the conference.

Four new records were established. Renee Watt's 16-1 performance in the 100 meter hurdles was a new school best as was Leann Sander's 50.2 time in the 300 meter hurdles. Both Stace Smith and Nancy Coulter leapt 5'2" in the high jump for a new school mark. Also the 400 meter relay team of Renee Watt, Kelly Edwards, Nancy Coulter, and Dorinda Armstrong set a school record.

Boys Capture Conference And County

Entire Team Makes All-County; 3 Make All-Conference

Despite a losing season for both the boys and girls' golf teams, Coach Ed Lockard still could find some bragging rights. Although the boys' dual meet record was a dismal one, the team definitely came through in tournament play, winning both the conference and county championships.

Coach Lockard's female linksters also posted a losing record, winning only 3 times in 9 outings. However, Vicki Brosher placed fifteenth in the regional after becoming the first girl in Monroe Central history to qualify twice for regional competition.

The big crowd at the New Castle sectional doesn't keep Beth Riddlebarger from showing her enthusiasm.

Cheerleading Involves Many Sacrifices

Many people would be surprised to learn that cheerleading is not just jumping, screaming, and trying to create enthusiasm. Much time and money is involved from the moment one is voted on until the last game of the year.

Expenses for each cheerleader can involve up to \$250 and in some cases even more. The expenditure range from cheerleading camp to socks and shoes.

Cheerleading also in-

volves a lot of time, not just Friday and Saturday nights during basketball season. The girls must practice and do motivational things for the teams. They practice on Monday and Wednesday mornings at 6:45. Practices consist of stretching, doing cheers and chants, making up dances, and possibly making decorations for an upcoming game.

So the next time a cheerleader asks you to join a cheer, show some enthusiasm.

The crowds at reserve games may be small, but Michelle Fouse still does her best to cheer the Bears to victory.

Mr. Steve Burton may be new at Monroe Central, but he is not new to teaching. He taught at Northeastern and Goshen.

Mr. Burton says that it was easy to adjust to MC because the faculty was supportive and friendly. Mr. Burton enjoys the "family like" atmosphere among the staff.

Size of the schools was the biggest difference. Because MC is much smaller, students tend to be more friendly. Also, the students at small schools are more aware of school happenings.

Junior High — A Hidden World Within MC

Because Monroe Central is also a high school, the junior high is often left out or receives second best. However, the junior high students have quietly built their own little world.

One of the highlights of the social year was the pizza party held

in the spring. The seventh and eighth grades sold items to fund the fun evening.

Junior high students also enjoyed attending the many dances held by the various high school clubs and groups.

During the special junior high fun night slow dancing was a favorite activity

Obviously enjoying themselves are Ronn Oren, Andy Luddington, Bud Henderson

Tommy Pullins seems to have a good time wrapped up

Participation in the spring musical was an enjoyable experience for Krista Wagner, Michelle Graham, Valerie Garrett, Bud Henderson, and Maria Cari

In the fall junior high sports started successfully. Both cross country teams had winning records. The eighth grade was 5-5. And the seventh grade was 6-4 and placed second in the Selma Invitational.

This fall also brought a new sport for the junior high girls. For the first time the girls competed in volleyball and were coached by first-year teacher, Mrs. Juli Dorton. The eighth graders broke even at 5-5. The seventh graders were 7-4 and county champions.

Three of the four junior high teams posted winning record. The most impressive performance was turned in by the seventh grade girls. They not only won the County Tourney, but also finished with a fine 11-2 record.

Although the eighth grade girls had the only losing record among the junior high contingent, they finished strong advancing to the final game of the country tourney.

The seventh grade boys experienced an up and down season this year. The team did not

possess much size, but made up for it through their determination and aggressive play.

The eighth grade basketball team played in many close games. In fact, seventh of the fourteen games were decided by five points or less. The Bears scored an average of 38 points per game, and they did a great job in giving up only 31 points a game. Pacing the Bears in both rebounding and scoring was their strong front line of Matt Moulton, David Ferguson, and Joel Davis.

Summer Sports

Junior High athletes had a very successful summer of 1986. The boys' eighth grade team competed in the tough Muncie League and was undefeated.

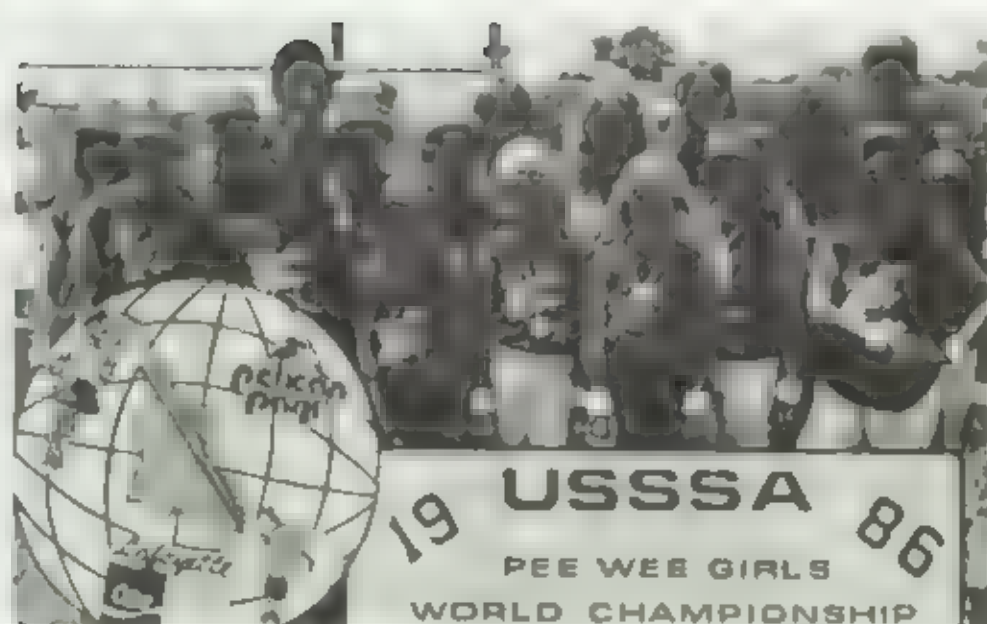

The Parker City All-Star team were also quite successful. The girls were not only local champions but finished high in the American Softball Association World Tourney.

One of the biggest disadvantages of being a seventh grade boy is that the girls are often bigger. As Jon-

athon Marlin and Kyle Washler watch, Roxanne Shaw "works over" Chris Earls

Anxiously awaiting the start of the balloon race, Kathleen Crouch and Curt Puck-

ett hope to contribute to the seventh grade point total.

One thing which allowed the Hi Lites staff to keep Making the Moves was our generous advertisers. Thanks to each of you for your support.

Final Moves Bring Another Year To Close

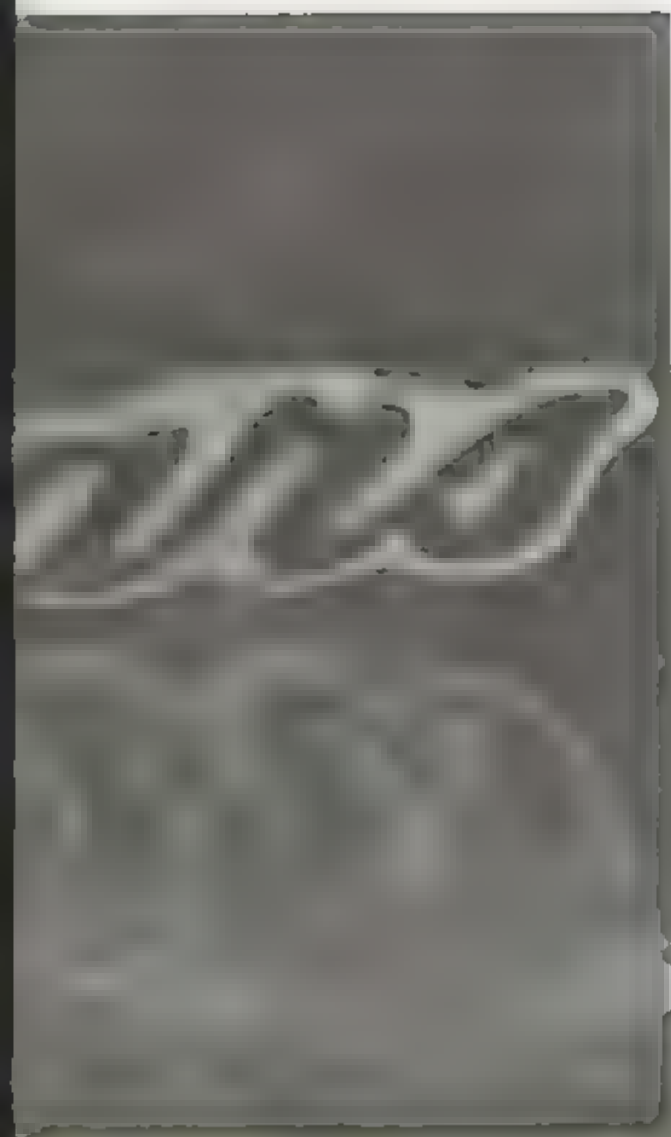

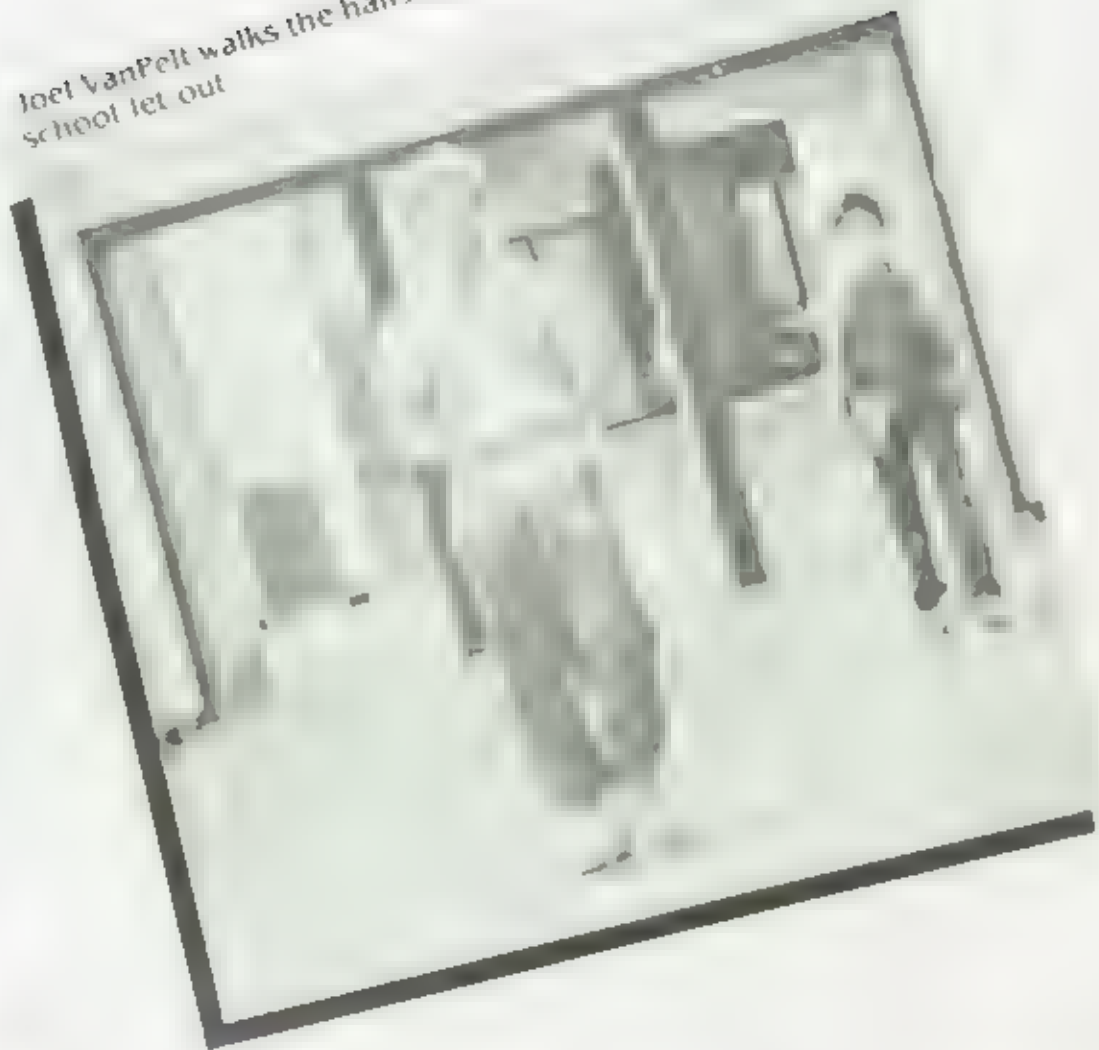

On the last day of school, Andy Ludington, Bruce Swallow, Mark Hinshaw, and Jeremiah Hofelich, are all smiles after taking one of their finals

The familiar Bears logo appears on many class jackets

For the last time, Todd Goodman models his long hair style. With job interviews coming up in the near future, his hair will soon be cut

Joel VanPelt walks the halls for one last time after school let out

Mr. Dick Meister searches Lee Shockney's gym bag for water guns and water bottles on the last day.

Now that school's out, bicycles and mopeds are driver's ed. students only mode of transportation.

The Winner Is

Most games have winners and losers. However, as we look back upon our 1987 game, we realize we were all winners. We learned, we grew, we laughed. Although there were individual and collective failures, 1987 was a year with many pluses. We were glad to be a part of it.

At times it was a tough year, but Mr. Larry New may be overreacting. Actually Mr. New acquired the gun during the big shakedown on the last day.
